

Railings made easy and beautiful.

Our railing systems feature the most innovative designs available with the low-maintenance performance you expect from TimberTech.

TimberTech products are a revolutionary alternative to traditional wood—they don't rot, warp or splinter—and they look great year after year.

And unlike wood, TimberTech products require no painting, staining or sealing. Discover the TimberTech difference today.

BuilderRail™

Cedar BuilderRail with TimberTech Cedar Floorizon Plank

A Classic Look at a Value-Minded Price.

TimberTech's BuilderRail combines the rich look of black balusters with composite rails.

The maintenance-free black metal balusters are galvanized with a rich polyester powder coating. Minimal obstruction through the rails gives greater visibility.

- Metal balusters are 40% stronger than aluminum
- Easy installation – requires only a saw, drill and bit
- BuilderRail is available in Cedar, Grey and Redwood with black classic metal balusters

Sold in kits for added value and ease of ordering.

- Standard kits: 6' and 8' length in 36" rail height
- Stair kits: 8' length in 36" rail height
